Due to printing errors made in my paper [1], the statement

$$''B_{1j} = A_{1j} \text{ if } C_{ji} \geq 0''$$

appearing in Step 3 of the algorithm on p. 44 should be replaced by

$$''B_{1j} = A_{1j} \text{ if } C_{ji} \geq 0''$$

and the beginning of the sentence

''If started from A, ...''

in the example on p. 47 should be changed to

''If started from \underline{A} , ...''.
